

Ten Bond Concentration

Materials

4 pages of bond cards, either with just ten frames *or* ten frames with numerals (last two pages of this file).

Goal

To collect the most pairs of cards.

Setup

Shuffle the cards and lay them on the table, face down, in a 5 X 8 grid.

How to Play

The youngest player goes first. Play then proceeds clockwise.

On each turn, a player turns over two cards (one at a time) and keeps them if they add to 10. If they successfully match a pair of numbers, that player also gets to take another turn.

When a player turns over two cards that do not match numbers, those cards are turned face down again and it becomes the next player's turn.

Winning

When all the pairs have been found, the player with the most pairs wins.
